

WINTER 2019/20
**NOSTALGIC STEAM &
 DIESEL TRAIN RIDES
 FROM ZELL AM SEE
 TO KRIMML**

**MEMORABLE RAILWAY EXPERIENCES
 THANKS TO PINZGAUER LOKALBAHN**

**OVERVIEW MAP
 KRIMML TRAIN STATION /
 KRIMML WATERFALLS**

In coordination with our nostalgic steam and diesel train rides this coming winter, a special bus will also be put on to take passengers to the car park at WasserWunderWelt Krimml.

From there, you are just a few minutes' walk from Restaurant Hanke, where you can enjoy a bite to eat (reservations recommended!). Once you are done, you are just a matter of meters from Krimml Waterfalls.

- › Tickets are available from the train attendant and at Mittersill station
- › Boarding possible at all stations and halts.
- › Due to limited seating, please make reservations well in advance.
- › Travel is also possible on regularly scheduled trains.

Ski pass = ticket

It's time to hit the slopes! With the help of Pinzgauer Lokalbahn, this season you will once again be able to reach the region's top ski areas without any stress or traffic jams. Plus, a valid ski pass for the ski resorts listed here also serves as your train ticket on the routes as described (offer only applies to skiers traveling to and from the ski lift in question).

- › **Wildkogel lifts** (Bramberg stop) valid from Uttendorf/Krimml
- › **Wenns Glacier** (Wenns stop) valid from Mittersill/Sulzbachtäler
- › **Schmittenhöhe** (Areitbahn stop) valid from Zell am See/Uttendorf Stubachtal
- › **Maiskogel** (Fürth-Kaprun stop) valid from Zell am See/Mittersill
- › **Kitzsteinhorn** (Fürth-Kaprun stop) valid from Zell am See/Mittersill
- › **Panoramabahn Kitzbüheler Alpen** (Panoramabahn stop, Hollersbach) valid from Sulzbachtäler/Uttendorf

For your first ride to the lifts, your skiing or sledding equipment is accepted as a ticket.

If you hold a ski pass valid in multiple regions or a season pass (e.g. the Salzburg Super Ski Card), free travel is only possible to/from the actual ski area you are visiting.

If a steam locomotive is unable to run due to an equipment problem, a diesel engine will be used instead.
